

RIDE THE RIM ATV Damages Policy

Customers will be charged a “not-to-exceed” amount for the repairs to, or replacement of, their damaged ATVs.

The not-to-exceed amount charged will be based on the Company’s good faith estimate of the amount the Company will be charged by Kiser Motorcycles in Kailua-Kona, plus \$250 for two trips to Kona for the delivery and retrieval of the ATV.

The Company will charge Customers \$650.00 for minor damages to body work. This sum includes the \$250 for delivery and retrieval.

The Company will charge Customers \$850.00 for moderate to major damage to body work or for possible damages to frame. This sum includes the \$250 for delivery and retrieval.

The Company will charge Customers \$1,800.00 for damages believed to require extensive disassembly for analysis of engine and/or frame damage or for damages that may require replacement of the ATV. This sum includes the \$250 for delivery and retrieval.

The Company will “eat” any amounts Kiser Motorcycles may charge the Company over and above the amount the Company charged to the Customer.

The Company will reimburse to the Customer the amount by which its charge to the Customer (\$650.00, \$850.00, or \$1,800.00) exceeds the sum of a) the actual amount Kiser Motorcycles bills the Company, plus b) \$250.
